## GREEN CAMPUS PROTOCOL

**Noble Women's College** promotes clean and green campus through adopting, practicing and promoting environmentally friendly practices among students and staff to generate Eco consciousness among them and in the world around them. The college envisions a clean and green campus where ecological friendly practices and education combine to encourage sustainable and eco-friendly systems in the campus and beyond the campus. The green campus offers the organization a prospect to take the lead in redefining its green culture through promoting environmental ethics among students and staff. The institute follows as a practice it adheres to the green protocol advocated by the Government of Kerala to collaborate with the **Swachh Bharath Abhiyan**.

As part of its initiatives for environmental sustainability, the following instructions and guidelines are implemented in the college:

- Disseminate the importance of Energy conservation.
- Reduce the usage of disposable items in all functions and meetings.
- Promote the use of e-copies and e-documents.
- Print on both sides of paper.
- Restricted entry of automobiles, promoting the use of Bicycles and provision of Pedestrian Friendly pathways.
- Promote vegetable and herbal gardening.
- Conduct of green audit at regular intervals and implement the suggestions towards. creating green campus.
- Planting trees on important days of celebrations and the birthdays of students.
- Use green energy devices based on solar energy such as solar lights, etc.
- Use star labeled and energy efficient products like Compact Fluorescent Lamps (CFLs), Light Emitting Diodes (LEDs) etc.
- Promote the usage of fountain pens, paper pens made by nature club of NOBLE.

- Promote the usage of electronic display boards and cloth banners.
- Establish Solid waste management system by segregated collection using colour coded separate bins for wastes.
  - \* **Green colour:** wet waste (degradable/organic)
  - \* **Blue colour:** dry recyclable waste (plastic, aluminum foil, bottles, cans etc.)
  - \* **Yellow colour:** recyclable waste (paper, tissue etc.)
- Wet waste can be degraded through the systems like composting, vermicomposting, bio pedestal.
- Collaborated with Govt. and Non-Govt. agencies for ensuring the effective recycling process of dry non-degradable and E-waste.
- Established incinerators to degrade reject waste.
- Established solar plant and biogas plant for energy conservation.

## ENERGY SAVING TIPS

- Activate power management features on your computer and monitor so that it will go into a low power "sleep" mode when you are not working on it.
- Turn off your monitor when you leave your table.
- Activate power management features on your laser printer.
- Whenever possible, shut down rather than logging off.
- Turn off unnecessary lights and use daylight instead.
- Avoid the use of decorative lighting.
- Use LED or compact fluorescent bulbs.
- Keep lights off in classrooms when they are not in use.
- Use the fans only when they are needed.

## PLASTIC REDUCTION POLICY

- Reduce the use of single use plastic in canteen and in all the functions and celebrations of the institute.
- Conduct awareness campaigns and workshops on the harmful impact of single use plastic.
- Invigorate students to spread the importance of banning plastic in the community that they live.
- Mandate faculty, non-teaching staff and students to avoid the use of plastic bottles and to increase the use of alternate solutions like paper bags & cloth bags.
