About Us

Noble Women's College established by the Islahi Educational Society in 2011 is dedicated to providing quality and modern education. The upliftment of women especially the backward Muslim minority under a moral and healthy environment is the prime focus of the campus. The institution is affiliated to the University of Calicut and recognised by the Government of Kerala in the self financing stream. The college located at Noble Campus, Vettekode is 3km away from New Municipal Bus Terminal, Manjeri (IGBT). The Noble Campus is ideally suited for the growth and development of higher education, with a congenial atmosphere for academic pursuit. The college functions in 20 acres sprawling the Noble Campus at Vettekode, Manjeri, with state-of-the-art infrastructure facilities. The institution has been granted minority status by NCMEI, Government of India and certified with ISO 9001:2015, and accredited by NAAC with "A" Grade with a CGPA of 3.23. The College is also included in the 2(f) list of UGC.

Rules & Regulations

RAGGING:

Ragging is a criminal offence (Govt. order No.1157/12/86 H.Edn), liable for severe punishment including expulsion from the college. The UGC has strict regulations (D.O.No.FI-15/2009(ARC) for curbing the menace of ragging in Higher Education Institutions. Ragging cases will be seriously dealt with at the college level and judicial level. To report an issue call the helpline number **1800 180 5522** or E-mail to helpline@antiragging.in.

MOBILE PHONE:

The use of mobile phone is strictly prohibited in the campus. A surprise inspection squad is constituted as per the order of the Hon'ble High Court, Govt. of Kerala and University of Calicut.

BA ENGLISH HONOURS (Started in 2011)

The BA English programme provides students with a comprehensive understanding of English literature, language, and critical thinking. Students explore a diverse range of literary texts spanning different periods, genres, and cultures. The programme develops advanced communication skills, analytical abilities, and cultural awareness. Graduates are well-equipped for careers in teaching, journalism, content writing, publishing, translation, and further academic pursuits in linguistics or literature.

BA SOCIOLOGY HONOURS (Started in 2013)

The BA Sociology programme examines the complexities of human society, social institutions, and interpersonal relationships. Students gain insights into social structures, cultural patterns, and the dynamics of change in communities. The curriculum covers social theory, research methodologies, and contemporary social issues. This programme prepares students for careers in community development, social work, public policy, human resources, and governmental organizations.

BSc PSYCHOLOGY HONOURS (Started in 2015)

The BSc Psychology programme explores human behavior and mental processes through scientific study. Students learn about cognitive processes, emotions, personality development, and therapeutic approaches. The programme features a well-equipped psychology lab for practical experimentation and observation. Graduates can pursue careers in clinical settings, counseling, education, research, organizational psychology, and social services, or continue to specialized postgraduate studies.

Undergraduate Programmes

BCA HONOURS (Started in 2011)

The Bachelor of Computer Applications programme offers comprehensive training in computer science and application development. Students gain expertise in programming languages, database management, software engineering, web development, and system analysis. The curriculum blends theoretical knowledge with practical skills through lab sessions and projects. This programme prepares students for careers in software development, IT consulting, system administration, and further studies in computer science.

BBA HONOURS (Started in 2020)

The Bachelor of Business Administration programme develops future business leaders with strong management, entrepreneurial, and analytical skills. Students study organizational behavior, marketing, finance, human resource management, and strategic planning. The curriculum emphasizes both theoretical frameworks and practical business applications. Graduates are prepared for careers in corporate management, marketing, finance, entrepreneurship, and international business.

B.Com HONOURS (Started in 2011)

The Bachelor of Commerce programme provides students with a solid foundation in commerce, accounting, economics, and business law. Students develop expertise in financial analysis, corporate governance, taxation, and business communication. The programme equips graduates with the knowledge and skills necessary for careers in accounting, banking, financial services, corporate finance, and business administration.

Undergraduate Programmes

MA ENGLISH (Started in 2017)

The MA English programme offers advanced study of literary traditions, critical theory, linguistics, and cultural studies. Students engage in specialized research and develop sophisticated analytical skills. The programme encourages independent critical thinking and scholarly writing. Graduates are qualified for careers in higher education, research, publishing, media, and cultural institutions.

Postgraduate PROGRAMMES

MA SOCIOLOGY (Started in 2020)

The MA Sociology programme provides advanced understanding of sociological theory, research methodologies, and specialized areas such as gender studies, globalization, social movements, and urban sociology. Students conduct original research and develop critical perspectives on social phenomena. This programme prepares graduates for careers in academia, research institutions, policy analysis, social planning, and community development organizations.

M.Sc COMPUTER SCIENCE (Started in 2013)

The MSc Computer Science programme offers advanced training in theoretical computer science, algorithms, artificial intelligence, data science, and software engineering.

Students engage in specialized research projects and develop expertise in emerging technologies. The programme prepares graduates for careers in high-level software development, research and development, system architecture, data analytics, and academic positions.

Postgraduate PROGRAMMES

MSc PSYCHOLOGY (Started in 2014)

The MSc Psychology programme provides advanced study of psychological theory, research methods, and specialized areas such as cognitive psychology, developmental psychology, and social psychology.

Students conduct original research and develop specialized knowledge in their chosen focus areas. Graduates are prepared for careers in research, academia, psychological assessment, and various applied psychology fields.

MSc CLINICAL PSYCHOLOGY (Started in 2023)

The MSc Clinical Psychology programme trains students in the assessment, diagnosis, and treatment of psychological disorders. The curriculum covers psychopathology, therapeutic modalities, psychological testing, and clinical interventions. Students gain practical experience through supervised internships in clinical settings. This specialized programme prepares graduates for careers in mental health clinics, hospitals, rehabilitation centers, and private practice, following appropriate licensure.

M.Com (Started in 2017)

The M.Com programme offers advanced study in commerce, financial management, accounting theory, research methodology, and specialized business domains. Students develop expertise in financial analysis, corporate strategy, international business, and contemporary commercial practices. The programme prepares graduates for careers in corporate finance, accounting, financial consulting, academia, and higher management positions.
